Fuel.

Our fuel solution lets retailers, distributors and fleets know exactly what's going on with their tank systems and the forecourt.

Advanced fuel analytics and wetstock management solutions keep you in control of your inventory any time, anywhere.

Advanced Fuel Analytics

Make better decisions and run a more efficient operation with:

- 24/7 remote access to your fuel system so that you can monitor flow rates, nozzle availability and inventory

- Real-time inventory information and forecasts sent to carriers and internal systems

Sales up
6% per site

40% fewer runouts

0.03% reduction in variance = $3M annual savings

3% per site sales increase = $2.2M in additional fuel profit

Acceptable delivery variances reduced by 60%

Perfect Gallon

Our wetstock management solution leads the industry in precision and accuracy, delivering the lowest possible variance and the highest return on investment.

- Improve customer loyalty and fuel sales

- Minimize variance, maximize profits

- Fix issues before they become problems

High Definition Inventory Variance

Reduce your inventory variance to less than 0.01% by identifying and correcting issues with the tank chart, meter drift, theft, temperature, vapor loss, and fuel density.

Perfect Delivery

Sophisticated software provides accurate and precise delivery data in real time and eliminates short deliveries.

Frictionless Fueling

Provide a better customer experience and sell more fuel by preventing slow flow, nozzle unavailability and tank shutdowns.

Environmental.

Trying to keep track of your compliance with spreadsheets and file cabinets is a waste of your valuable time and worrying about remediation costs and environmental fines is unnecessary stress.

Titan's platform for environmental compliance is your single source of truth, so you can operate efficiently and increase profits at the same time.

Reduce environmental fines by up to **80%**

Reduce vendor costs by up to **30%**

Release Detection Management

Proactively monitor tank and line leaks and automate regulatory reporting from the ATG

Remote ATG Management

Get remote access to your ATGs so you can diagnose and resolve issues with just a few clicks and prevent unnecessary technician dispatch

Important Date Tracking

Keep track of the important dates and deadlines you need to stay on top of your permits, testing, and other requirements

Alarm Management

Manage ATG alarms with notifications and escalation workflows that work...even when you're at home

Compliance Dashboard

One easy place to get all the information you need

Document Management

Stay organized with unlimited digital storage of compliance documents so they're ready at a moment's notice

Facilities Maintenance.

An organized maintenance operation is key to running your business at peak efficiency and maximum profitability.

Titan provides customized features for purchase orders, work orders, and vendor management, so you can configure the platform to meet your business' unique needs.

Asset Management
Link work orders to specific assets so you can view vendor comments, warranty information and dispatch history for a comprehensive view of all your equipment.

Vendor Management
Track the time a vendor spends on site, review invoices electronically, and specify pre-approved amounts based on problem code.

Warranty Tracking
Flag assets under warranty when work is dispatched and get notified before the warranty expires.

Paperless Work Orders
No more stacks of paper cluttering the office or getting lost, and everything you need is accessible anytime, anywhere.

WHAT OUR CUSTOMERS SAY

"A platform like Titan, it's a mechanism to allow your team, including outside vendors, to do their jobs more efficiently and effectively by simplifying the documentation, collecting, auditing, and responding."

– MELISSA DAVIS, ENVIRONMENTAL COMPLIANCE MANAGER, YESWAY

"We saw $14M savings in compliance and remediation costs by moving to Titan."

– BRENT PUZAK, DIRECTOR – NORTH AMERICAN ENVIRONMENTAL SHARED SERVICES, CIRCLE K

"Titan's alarm solution took my total number of alarms from thousands per month down to just the few that truly needed my attention. By connecting to my maintenance dispatch software, it ensures priority 1 alarms are dispatched to the right vendors and everything is taken care of during and after hours."

– MANUEL HERMINA, MAINTENANCE & CONSTRUCTION MANAGER, SOL PUERTO RICO

"With Titan we have constant visibility into our inground inventory, alarms, and historical analytics. This helps us keep a tighter leash on carriers, avoid run outs, save money, and make informed decisions."

– INVENTORY CONTROL SPECIALIST, TOP 10 U.S. FUEL RETAILER

"I couldn't imagine doing compliance on any other platform."

– TERRY HARRAH, ENVIRONMENTAL COMPLIANCE MANAGER, CEFCO CONVENIENCE STORES
